

## RISK GOVERNANCE POLICY

Petrovietnam Technical Services Corporation (PTSC) is determined to become a global brand in the energy industry, with a focus on oil and gas technical services and offshore renewable energy.

### ► PTSC'S PERSPECTIVE

- Risk governance determines sustainable development and is an integral part of all PTSC's activities.
- Effective risk governance creates opportunities to enhance the efficiency of production and business activities, generating added value for shareholders, partners and customers.
- Risk governance is the responsibility of every PTSC employee.

### ► PTSC'S COMMITMENT

- Implement and continuously improve the risk governance system in alignment with PTSC's mission, vision, core values, strategies, and objectives.
- Ensure that all PTSC's activities are subject to risk identification, assessment, and appropriate mitigation measures.
- Provide adequate and timely resources to ensure the effective and efficient operation of the risk governance system.
- Foster a proactive and responsible risk governance culture throughout PTSC, ensuring that every employee understands their role in risk governance.
- Continuously research and develop, innovate, enhance professional qualifications, modernize facilities and technology in order to continuously improve and enhance risk governance capacity and effectiveness.
